LEXICON ANNOUNCES PROPOSED PUBLIC OFFERING OF COMMON STOCK

The Woodlands, Texas, May 31, 2023 – Lexicon Pharmaceuticals, Inc. (Nasdaq: LXRX) (“**Lexicon**”) today announced that it has commenced an underwritten public offering to offer and sell, subject to market and other conditions, shares of its common stock, par value \$0.001. In addition, Lexicon intends to grant the underwriters a 30-day option to purchase additional shares of common stock. There can be no assurance as to whether or when the proposed offering may be completed, or as to the actual size or terms of the proposed offering.

Citigroup, Jefferies and Piper Sandler are acting as joint book-running managers for the proposed offering.

Concurrently with the closing of the underwritten public offering, Lexicon intends to sell shares of its common stock in a private placement to an affiliate of Invus, L.P., Lexicon’s largest stockholder, pursuant to its preemptive right under Lexicon’s Fifth Amended and Restated Certificate of Incorporation. The closing of the underwritten public offering is not conditioned on the closing of the concurrent private placement.

Lexicon currently intends to use the net proceeds that it will receive from the proposed offering, together with its existing cash and cash equivalents and short-term investments, to fund the commercial launch of INPEFA™ (sotagliflozin). Lexicon expects to use any remaining net proceeds that it will receive from the proposed offering to fund the continued research and development of its drug candidates and for working capital and other general corporate purposes.
